

PRODEM

Seamless Pipes - Fittings - Valves

As **Prodem Teknik**, we have been serving on the supply of industrial installation parts more than 15 years. We offer the flow control solutions that our customer need **with the right products, high stock, wide product range, effective price, fast delivery time** and **after sales customer satisfaction** with our expert and well experienced engineering team.

We serve Turkish industry primarily **Shipbuilding, Energy, Geothermal, Petrochemical, Iron and Steel, Mining, Cement and Chemical industries** with our domestic dealerships and foreign representatives by our modern management understanding & technical team organization.

For the projects within this framework;

- SEAMLESS PIPE
- INDUSTRIAL VALVES
- PIPE FITTINGS

We present our products to you with our high quality production, supply and stock capacity.

• SEAMLESS STEEL PIPES

We supply hot rolled and cold drawn steel pipes EN, DIN, ASTM, API and GOST norms with our stock capacity approximately 8.000 tons and wide supplier portfolio.

We have been working with many manufacturers from many countries in our supply chain. All imported pipes have factory test certificates and are being delivered to our customers with their certificates.

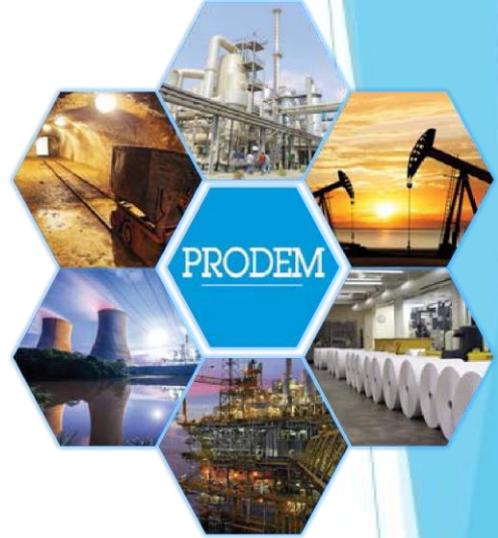

Our products are selected by considering the sectoral based certification needs of our customers, selecting from the manufacturers that have **DNV, GL, BV, ABS, RINA, API, LR** and etc certificates.

Our pipes are in the norms of 3/8"-24 "(DN100-DN600) / SCH20- SCH 160.

- OIL AND GAS AND LINE PIPES (ASTM A-106-A53 | API-5L)
- MECHANICAL INSTALLATION PIPES (EN 10216 – 1,2)
- BOILER TUBES (EN 10216- 1,2)
- CASING AND DRILL PIPES
- EXCHANGER PIPES (ASTM/ASME A179/A192/A210 | EN 10216-2)
- STEEL CONSTRUCTION PIPES
